

Quick Tips for Navigating The Story of Kappa Alpha Psi, 6th Ed. eBook

How do I navigate my online eBook?

The online eBook makes your online reading experience effortless through our various navigation features. You can use them to skim, search, and jump around your eBook.

- Scroll bar
- Sections
- Page numbers
- Search tool
- Bookmarks

Scroll bar

At the bottom of your eBook, a scroll bar has been added to allow navigation through the book by simply dragging the cursor to your designated page.

Sections

When viewing your eBook, you'll see one section of the text at a time. The sections are often broken into chapters, but it depends on the eBook's formatting.

To view an entire section, scroll up and down with a mouse or arrow key.

The online eBook offers a few ways to navigate between sections.

- To move from one section to the next, select the left and right arrow icons found on the bottom right-hand corner.
- Select the "Contents" button (found in the upper left-hand corner). Next, select the section or sub-section you'd like to read.

Page numbers

To jump to a page, enter the number in the page search bar in the bottom right-hand corner of the page and select "Go".

Search tool

If you need to find specific text in your eBook, select the search icon in the top right-hand corner. Type in the term or phrase into the search bar that appears. The search results will generate, organized by section.

Select the arrow to view the term or phrase in the eBook's content.

Special Features

- **Annotations**

Readers can click and drag to select text to copy, search in Wikipedia, create info in a flashcard, read aloud, or highlight in either yellow or green colors.

Bookmarks

- **Creating a bookmark**

To add a bookmark to your current location in your eBook, select the bookmark icon in the bottom left-hand corner.

When you do, a blue bookmark appears to the right of the text to mark your location.

Want to delete your bookmark? Select the blue bookmark icon again.

- **Reviewing your bookmarks**

Our online eBook not only lets you create bookmarks but also organizes them for easy access.

To find all of your bookmarks, select the icon to the left of the three dots in the upper right-hand corner. Previews of the text from the bookmarked sections are organized by chapter. Skim your bookmarks by scrolling or pressing tab.

Select the trash can icon to remove your bookmark.

To jump to a bookmarked section, select the text in the bookmark preview.

Reader Preferences

The online eBook provides various options for you to enjoy reading the content. To the right of the search icon is the “Reader Preference” (A^A) icon. Upon clicking this button, you may choose to increase the text size, select one of eight different font styles, change the page color from Day (white - default), Night (black), Sepia, or Cyan (light blue). You may also opt to modify the margin settings and select a range of letter spacing and line height.

More Options

There are three horizontal dots on the far-right side of the top margin. This is the “More Options” icon that allows the reader to print select pages, select a text-to-speech option, and view various keyboard shortcuts. The Beta features also give the reader the ability to select single- or double-page view and to define terms within the text.
